

TM-S003 SOS Emergency Phone

About Tymin SOS Emergency Phone TM-S003

- * Tymin SOS emergency telephone is designed to protect your family to avoid accidents. It operates just like a common landline telephone but it has the SOS remote controller in case of emergency.
- * This desk and wall mountable telephone supports SOS emergency remote controller pendant and watch with a working distance of 80 meters at most. This means it can activate a call to 911 if you or your loved one can not reach the phone. It also supports multiple languages and has three one-touch picture buttons with an auto emergency dialing function. Another useful features are the extra large, easy-to-read number buttons and blue backlight LCD display.
- * This telephone with emergency keys and remote controllers are a meaningful gift for the seniors or kids at home. The Tymin SOS Telephone keeps you connected with first responder and allows 10 emergency phone numbers to be programmed in in total.
- * The ideal emergency / medical alert telephone system for seniors that support up to 5 wireless pendants that can automatically call up to 10 emergency numbers from a distance of up to 100 feet away from the base. It also feature hearing-aid friendly ringer and handset, large display with blue backlight, hands-free speakerphone, battery backup, and much more!
